ENVIRONMENTAL COMMITMENT	In keeping with Rainforest Adventures Environmental Commitment, the attractions, viewing platforms, and chairlifts are designed to have minimal impact on both the flora and fauna of the park. Helicopter installation of the pylons ensured minimal tree eradication and minimal visibility from outside the park. The Rainforest Adventures Replanting Program including endemic species mahogany and flamboyant will begin as soon as all the construction has finished. A foundation funded by visitation will be created to administer the reforestation, agricultural, historical, educational and maintenance programs.
EXPERIENCES	
Emilio Wilson Museum	Each adventure begins in this restored plantation house originally built in the 1700s. The Museum tells the powerful story Trace Wilson who was born into slavery on the property in 1818 and her direct descendant Emilio Wilson. Guests will see depictions of what life was like on a plantation and learn about the customs, traditions, lifestyle and stories that earned Sint Maarten the nickname 'The Friendly Island.'
Soualiga Sky Explorer	The Soualiga Sky Explorer chairlifts, comprised of sixty-eight, four-passenger chairs, takes a tranquil ride up two lifts spanning a total of 2,997 ft. as the landscape unfolds below. A spectacular panoramic view on top of one of St. Maarten's highest mountains await you.
